### FORM CRS

The Invictus Collective, LLC is registered with the Securities and Exchange Commission as an investment adviser and as such, we provide advisory services rather than brokerage services. Brokerage and investment advisory services and fees differ and it is important for you, our client, to understand the differences. Additionally, free and simple tools are available to research firms and financial professionals at [Investor.gov/CRS](https://investor.gov/CRS), which also provides educational materials about broker-dealers, investment advisers, and investing. This Client Relationship Summary describes the services and fees we offer to "retail" investors, which are natural persons who seek or receive services primarily for personal, family, or household purposes.

#### **What investment services and advice can you provide me?**

We primarily offer wealth management services (portfolio management and financial planning / consulting) to retail investors. For a description of our services, please refer to our Form ADV Part 2A (see specifically: Items 4, 5, 7, 13 & 16, among others) by clicking the following link: [ADV Part 2](https://adviserinfo.sec.gov/firm/brochure/310744) (the full URL for the aforementioned hyperlink is <https://adviserinfo.sec.gov/firm/brochure/310744>).

**Account Monitoring:** If you open an investment account with our firm, as part of our standard service we will monitor your investments on an ongoing basis and will review your account at least annually.

**Investment Authority:** We manage investment accounts on a **discretionary** basis where we will decide which investments to buy or sell for your account. We will also have discretion to select, retain or replace third-party managers to manage your accounts. You may limit our discretionary authority (for example, limiting the types of securities that can be purchased or sold for your account) by providing our firm with your restrictions and guidelines in writing.

We also offer **non-discretionary** management services where we will provide advice, but you will ultimately decide which investments to buy and sell for your account. You have an unrestricted right to decline to implement any advice provided by our firm on a non-discretionary basis.

**Investment Offerings:** We primarily use exchange-traded funds (ETFs), mutual funds, and debt and equity securities to implement client portfolios. However, we provide advice on various types of investments, such as other investment managers and/or private investments, and do not limit our advice to a specific type of investment or security.

**Account Minimums and Requirements:** In general, we do not require a minimum dollar amount to open and maintain an advisory account.

#### **Key Questions to Ask Your Financial Professional**

- **Given my financial situation, should I choose an investment advisory service? Why or Why Not?**
- **How will you choose investments to recommend to me?**
- **What is your relevant experience, including your licenses, education and other qualifications?**
- **What do these qualifications mean?**

#### **What fees will I pay?**

The following summarizes the principal fees and costs that you might pay when engaging our firm for investment advisory services:

- **Asset Based Fees** - Payable quarterly in advance. Since the fees we receive are asset-based (i.e. based on the value of your account), we have an incentive to increase your account value which creates a conflict;
- **Other Advisory Fees** - In addition to our fees, you may also pay fees charged by a selected third-party manager or platform depending on your investment objectives and portfolio strategy.

Examples of the most common fees and costs applicable to our clients are: Custodian fees; Account maintenance fees; Fees related to mutual funds and exchange-traded funds; and, Transaction charges and related costs when purchasing or selling securities.

For detailed information, please refer to our Form ADV Part 2 by clicking this link: [ADV Part 2](#).

**You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.**

***Key Questions to Ask Your Financial Professional***

- **Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?**

**What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?**

**When we act as your investment adviser**, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here are some examples to help you understand what this means.

- Because our revenue is derived from asset-based fees, we have an incentive to grow your account as much as possible. This could cause us to take overly aggressive positions in conflict with your interests in an attempt to grow your account. However, as a fiduciary we have established internal policies and procedures to ensure we always act in our clients' best interest.

Please refer to our ADV Part 2 by clicking this link to help you understand what conflicts exist: [ADV Part 2](#).
